Modernize Member Share Management

Manual share management can lead to inefficiencies, errors, and compliance challenges.

Trust Fintech's Member Share Management Software automates the complete share lifecycle through a centralized platform with seamless CBS integration.

Integrate seamlessly with your **Core Banking System (CBS)**

Automate the complete member share lifecycle

Improve operational efficiency and accuracy

Key Features

Member Management

Manage member registration, profiles, KYC, nominee details, status updates, and enquiries from a centralized platform

Share Capital Management

Manage member registration, profiles, KYC, nominee details, status updates, and enquiries from a centralized platform

Dividend Management

Automate dividend declaration, calculation, payment processing, account crediting, and year-wise dividend records

Share Transactions

Process share transfers, surrenders, adjustments, approvals, and maintain complete transaction history and share ledgers

Reports & MIS

Generate member registers, statutory reports, audit reports, branch-wise reports, and real-time MIS

Compliance & Integration

Ensure secure, compliant operations with audit trails, role-based access, and seamless CBS integration

Key Benefits

End-to-End Automation

Automate the complete member share lifecycle, from registration and allotment to dividend processing and redemption

Accurate Share Management

Ensure accurate share accounting, transaction processing, and dividend calculations with minimal errors

Real-Time Reporting & MIS

Generate comprehensive MIS, statutory reports, and business insights for better decision-making

Improved Operational Efficiency

Manage member registration, profiles, KYC, nominee details, status updates, and enquiries from a centralized platform

Regulatory Compliance

Strengthen compliance with secure audit trails, role-based access, and regulatory-ready reporting

Enhanced Member Experience

Deliver faster, transparent, and efficient member services through seamless Core Banking System (CBS) integration
